### 1. SAFETY

- Inspect the cable and connector for wear and damage to ensure items are safe before connecting to the power supply. If worn or damaged DO NOT use.
- ✓ Ensure the torch is fully charged before initial use.
- **× DO NOT** charge in damp conditions.
- **DO NOT** turn the torch on when it is being charged.
- **× DO NOT** shine directly into your, another person's or an animal's eyes.
- **x DO NOT** allow children to use the torch.
- **× DO NOT** handle or move the torch whilst it is being charged.
  - DO NOT use the torch if you suspect that the battery or the torch casing is damaged.
- **DO NOT** leave battery in a discharged state, recharge battery immediately. Before storage, fully recharge the battery, subsequently recharge the battery at least once every six months of non-use.
- \* **DO NOT** attempt to open, disassemble, modify or service the battery pack.
- \* DO NOT crush, puncture, short external contacts or dispose of in fire or water.
- ✓ Replace only with the battery pack designated for this product.
- ✓ Recycle or dispose of used battery as stipulated by local regulation.
- If the electrolyte in the cells gets on your skin, thoroughly wash with soap and water. If it gets in your eyes, rinse thoroughly with cool water and seek immediate medical attention.

#### 2. INTRODUCTION

Unique and innovative 360° swivel and tilt function enables the light source to be positioned in any direction. Exclusive patented design owned by and registered to Sealey. Each lamp houses 16 super bright SMD LEDs providing up to 600 lumens through the adjustable rotary switch and a 1W SMD LED directional torch. Features a single hanging hook, a magnetic base allowing hands free operation and battery level indicator. High quality 2.6Ah 3.7V lithium-ion battery for longer life, no memory effect and a much slower discharge than traditional Ni-MH batteries. Supplied with a high quality braided USB lead.

#### 3. SPECIFICATION

Model No	LED3604 Series
Battery	3.7V 2.6Ah Li-ion
LED Quantity	16 SMD + 1LED
Lumen Output Side (high/low)/Top	(600/50)/120lm
Operating time side (high/low)Top	(1.5/16)/10hr
IP Rating	IP54
IK Rating	IK07
Minimum Length	
Maximum Length	400mm

#### IMPORTANT WARRANTY INFORMATION

The battery fitted to this lamp is considered to be a consumable item and its ability to accept a charge will reduce over time. We will provide warranty against mechanical and electrical defect for a period of one year - this does not cover fair wear and tear. If the battery is not properly charged before first use, or regularly conditioned, its capacity will diminish. Under these circumstances we will not replace the battery regardless of whether the battery less than one year old.

#### 4. OPERATION

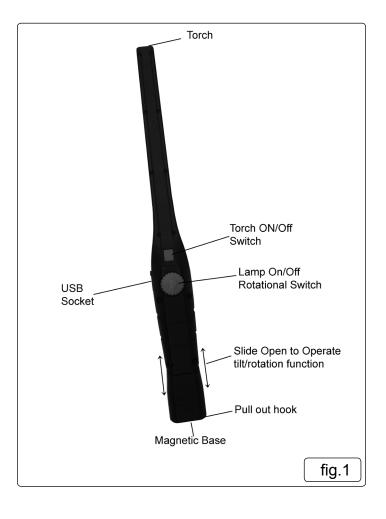

#### 4.1. CHARGING (fig.2)

- 4.1.1. Remove USB socket cover from the side of the lamp.
- 4.1.2. Connect the USB lead to the port on the side of the lamp and a USB power socket. Turn on the power supply.
- 4.1.3. The battery charge level LED on the side of the lamp will flash green and show the level of charge.
- 4.1.4. When the battery has fully charged all the LED's will turn GREEN.
- 4.1.5. Switch off power supply, remove charging lead and replace socket cover.

Original Language Version

#### 4.2. OPERATION

- 4.2.1. The lamp has a magnetic base to fix to ferrous materials and a hook to hang the lamp.
- 4.2.2. By pulling the base from the main body the 360°, tilt function can be used enabling the lamp to be positioned in any direction.
- 4.2.3. To turn on the lamp rotate the red switch clockwise on the back of the lamp. Further rotation will increase the brightness of the lamp. Rotate anti-clockwise to switch off.
- To turn on the torch press the red button on the back of the unit, press again to turn off. 4.2.4.

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain off any fluids (if applicable) into approved containers and dispose of the product and the fluids according to local regulations.

#### WEEE Regulations

Dispose of this product at the end of its working life in compliance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE). When the product is no longer required, it must be disposed of in an environmentally protective way. Contact your local solid waste authority for recycling information.

#### **Battery Removal**

The battery pack can not be disassembled and should be disposed of in an environmentally protective way. Under the Waste Batteries and Accumulators Regulations 2009, Jack Sealey Ltd are required to inform potential purchasers of products containing batteries (as defined within these regulations), that they are registered wih Valpak's registered compliance scheme. Jack Sealey Ltd's Batteries Producer Registration Number (BPRN) is BPRN00705.

NOTE: It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice. IMPORTANT: No liability is accepted for incorrect use of this product.

#### WARRANTY: Guarantee is 12 months from purchase date, proof of which will be required for any claim.
